MANUFACTURER'S WARRANTY

Peace Of Mind With Our Warranty.

BATHEX includes a 2-year limited warranty from the date of purchase against defects that have arisen solely from faulty materials or workmanship in the Mirror products. Our products come with the guarantees that cannot be excluded under the Australian Consumer Law.

- The product warranty period commences from the date of purchase.
- BATHEX will repair or replace, at its sole discretion, the defective product or parts thereof.
- Installation of faulty, warped, chipped, or damaged products will void our warranty.
- Color Variations: There might be natural variations in the color, pattern, and finish. Products may be slightly different from the ones featured in the photos.

EXCLUSION

This warranty does not cover the following:

- Inability to provide proof of purchase and/or certificate of electrical safety (COES) when required by BATHEX.
- Damage to the product as a result of misuse, accident, modification, or self-repair
- Products that are not installed by Licensed Electricians and/or Trades personnel in accordance with local regulations.
- BATHEX shall not be liable for any incidental or consequential damages arising out of defects in this product, whether or not caused by its negligence.
- The cost of pickup and delivery.
- Products purchased from unauthorized retailers/online sellers purchased "as-is" or used/previously owned.

HOW TO MAKE A CLAIM?

Should your product become defective during the warranty period, BATHEX will repair or replace (at our sole discretion) your product, at no charge. However, you are responsible for properly packing your product and any applicable shipping charges to BATHEX.

For warranty queries, customers are to contact the branch where the product was purchased. These details can be found on your purchase invoice. Please provide them with photos/videos of the issue if applicable to illustrate the issue clearly.

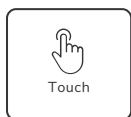

Please contact our Customer Support Team via the claim form <https://bathex.com.au/warranty-claim/> to begin a warranty application.

LED MIRRORS FEATURES

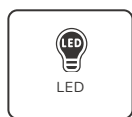

Our LED mirrors are a testament to quality and innovation. Crafted with precision and attention to detail, these mirrors are designed to elevate your bathroom experience. The high-quality LED lighting not only provides excellent illumination but also adds a touch of elegance to your space.

One of the key features that sets our LED mirrors apart is their energy efficiency. We've incorporated advanced technology to ensure minimal energy consumption while delivering brilliant lighting. This not only saves you money but also reduces your environmental footprint.

The durability of our LED mirrors is another standout feature. Built to last, these mirrors are resistant to moisture and wear, making them a perfect fit for the bathroom environment. They retain their functionality and aesthetics even after prolonged use. And in terms of style, our LED mirrors come in a variety of designs to cater to different preferences. Whether you prefer a sleek and modern look or a more classic aesthetic, our range has something for everyone.
